Answers to **Frequently Asked Questions**

Does it cost anything to use the card?

No, the card is absolutely free. There will never be any fees associated with this card.

What type of discounts can be expected through this program?

Discounts are available on FDA-approved prescription medications – both generics and brands; and they vary based on the type of prescription. Discounts can range up to 75% off the retail price, with an average discount of about 40%, for all FDA-approved prescriptions and refills.

What if I already have insurance that covers my prescription drugs?

If you have insurance, you should bring both your insurance card and the Pharmacy Discount Card to your pharmacist and ask which gives you the better price.
