In a hotter California, employers may have to protect workers indoors

Over the last five years, temperatures in California have escalated to some of the hottest on record. A new proposal will expand upon existing regulations for heat safety limits outdoors to also keep employees protected indoors. The CRA has submitted comments on behalf of restaurants to Cal/OSHA to ensure that food safety, kitchen temperatures and attire and industry-specific concerns are considered while crafting new regulations.

Should restaurants focus their marketing on Gen Z or Millennials?

It may be confusing to select your target consumer. What is the difference between a Gen Z'er and a Millennial? Why do they both always have social media at the forefront of their minds? This article suggests that Gen Z will soon replace the buzzing Millennials as the hottest demographic.

Looking for more marketing ideas for your business? Make sure you're getting the member-exclusive Marketing in a Minute newsletter each month.
